

Your Health Solutions Partner

**Commercial lines of Business**

Prior authorization is waived for initial placement and for subacute facilities that need to evacuate so members can be safely transferred as expeditiously as possible. This is an evolving situation that is frequently being reviewed and potentially updated by our leadership. While we do not have an official flyer, facilities can outreach their network representatives for confirmation or clarification. Our priority is and will continue to be ensuring the wellbeing of our members and providing an efficient way for our providers to move patients. Each hospital has an assigned concurrent review nurse who is happy to support you. Please don't hesitate to reach out.

Thank you,

**Natalie Hollar, BA, BSN, MSN** | Concurrent Review Manager Commercial

**For Medicare Members,**

No Prior auth for transfers due to evacuations will be required, however we will still need notification of the transfer as soon as possible.

Care Centrix has been notified
